The Wellington

SLIDE & FOLD
PATIO DOOR

making the most of those warm summer nights

Building on the popularity of the Canberra range we have introduced the Wellington sliding folding door constructed from 44mm engineered components factory glazed with 16mm Low E argon gas filled units.

This construction brings superior thermal performance to aid in meeting the requirements of Approved Document L, as well as improved structural stability.

the wellington

Available in a choice of softwood high build factory finished white or unfinished hardwood in a range of 3 widths 1800, 2100 & 2400mm each with 3 door panels sliding in the same direction to give the maximum clear opening.

The brushed stainless steel hardware provides effortless finger tip smooth sliding operation and the locking bolts on the panel enable the Wellington doorset to be used as a single entrance door leaf.

Supplied pre machined ready for assembly in a frame pack, hardware pack and door leaf pack.

Designed in 3 popular sizes the Wellington is perfect for bringing the outside in to your home enabling you to make the most of those warm summer nights.

Functional and practical the full height glazed door panels ensure the maximum amount of light is brought into the home all year round.

- Softwood fully finished in white
- Hardwood unfinished
- Tri-fold operation
- 44mm engineered construction
- Factory glazed 16mm Low E Argon filled insulating glass units
